Birla Institute of Technology & Science, Pilani Dubai Campus

BITS VISION

“What do we propose to do here? We want to teach real science whether it is engineering, chemistry, humanities, physics or any other branch. We want to develop a scientific approach in Pilani, which means there would be no dogma. There will be a search for truth. What we propose to do here is to cultivate a scientific mind.”

The Late Shri G.D. Birla
Founder Chairman, BITS Pilani

“... to prepare young men and women to act as leaders for the promotion of the economic and industrial development of the country and to play a creative role in service to humanity.”

The Late Dr. K.K. Birla
Former Chancellor, BITS Pilani

“What is it that can empower our nation? The most obvious answer is education. Education that enhances livelihoods but also education that is value-based. Education that gives roots and gives wings as well”.

Dr. Kumar Mangalam Birla
Chancellor, BITS Pilani

Birla Institute of Technology & Science, Pilani Dubai Campus

BITS Pilani, Dubai Campus is the branch campus of the internationally reputed Birla Institute of Technology and Science, Pilani (BITS Pilani), India, a Deemed University under Section 3 of the UGC act. It is one of the largest Institutions in the region which is exclusively dedicated to Engineering Education and is located at the Dubai International Academic City.

BITS Pilani is among India's leading institutes of higher education and has been granted the status of 'Institute of Eminence' by MHRD, Govt of India. With an illustrious legacy, modern campuses and alumni in leadership positions across the world, BITS Pilani has been the institute of choice for top students year after year.

BITS Pilani is ranked No.1 among the private engineering institutions in India in several media rankings such as Education World, The Week and India Today published in 2018. BITS Pilani also finds its place among the Top 100 Universities in the QS University rankings- BRICS 2019 and Top 250 Universities in Times Higher Education Rankings - Asia 2018.

The Dubai Campus is approved by Ministry of Human Resource Development, Government of India and University Grants Commission (UGC), India and is permitted by Knowledge and Human Development Authority (KHDA), Government of Dubai. The vibrant campus has nearly 1500 students from over 20 countries world-wide. It has state-of-the-art infrastructure and provides an opportunity to acquire best quality education in an international environment from well-experienced, highly qualified and dedicated faculty and research facilities. The Institute has collaboration with over 300 reputed companies across UAE and India to offer internship to its students.

Alumni from this campus have done exceptionally well in all spheres of life. They are holding leading positions in diverse fields in UAE and across the world with more than 1000 leading companies having recruited Dubai Campus graduates. Graduates have been successful in securing admission in more than 75 globally prestigious universities for higher studies and doctoral programmes. Many alumni are also successful entrepreneurs.

The academic flexibilities and facilities provide a host of opportunities for the students to participate in inter and intra university co-curricular and extracurricular activities. Students participate in international and national competitions and win top awards and bring accolades to the institute.

The institute has entered into academic collaborations with several leading universities for admission into graduate programmes, joint research, credits transfer etc. With ample opportunities for professional activities at the campus, BITS Pilani is among the very few institutions in the Middle East to have recognized student chapters of professional societies such as IEEE, ASHRAE, ASME, SAE, ACM, MEA and many more.

PART I - FIRST DEGREE PROGRAMMES

1. Programmes of Study

Following are the Integrated First Degree Programmes available for Admissions 2019-20. The normal duration of the programmes is 4 years (8 semesters).

- B.E. Chemical Engineering
- B.E. Civil Engineering
- B.E. Electrical & Electronics Engineering
- B.E. Mechanical Engineering
- B.E. Computer Science
- B.E. Biotechnology
- B.E. Electronics & Communication Engineering

All degree programmes have the option of Practice School or Thesis/Seminar. The students of any of these programmes are well prepared after graduation for:

- (i) admission to higher degree programmes in the best universities of the world;
- (ii) a good career in teaching & research;
- (iii) multidisciplinary professional career; or
- (iv) entrepreneurship ventures.

2. Eligibility Criteria

- 2.1 For admission to any of the above programmes, Candidates must have passed the requisite Qualifying Examination, which is the General Secondary Education Certificate Examination of Ministry of Education, UAE or Senior School Certificate Examination of the Central Board of Secondary Education (CBSE-12th grade), New Delhi, India, or Advanced Level from Cambridge International Examination / Edexcel or its equivalent from any recognized State, National or International board with Physics, Chemistry and Maths. (Please refer Equivalency Table on the website for equivalencies. If your high school board is not found in the equivalency table, clarification can be sought from the Admissions Office).
- 2.2 The candidates must have obtained a minimum 60% overall aggregate* of marks in the qualifying examination** and must have a minimum aggregate of 60% in Physics, Chemistry & Mathematics subjects with at least 50% marks in each subject. However, for admission to B.E. Biotechnology, Candidates with Physics, Chemistry and Biology will also be accepted with a minimum aggregate of 60% in Physics, Chemistry & Biology subjects with at least 50% marks in each subject. If instead of marks any letter grades or GPA are awarded (or any other system of evaluation), their equivalencies in marks will be decided by the Admissions Committee. If a Candidate has secured less than 50% marks in any one of these subjects - Physics, Chemistry, Mathematics / Biology but has passed in the subjects and meets the aggregate criteria mentioned above, he/she may be considered for provisional admission. The admission will be confirmed only upon the successful completion of a remedial course in that subject with a minimum grade of 'C', offered by the institute preferably before the commencement of the first semester.

**Aggregate: Aggregate is the total marks of all subjects in the Qualifying Examination, considered essential by the Board /University for passing the examination. The Aggregate must compulsorily contain the required subjects, namely, Physics, Chemistry and Mathematics or Biology (For Biotechnology). The position in the merit list will be based only on this aggregate.*

***If a candidate has taken more than one attempt in the Qualifying Examination or its equivalent, only his/her latest performance is considered, provided this attempt has been for the full component of subjects/courses prescribed.*

- 2.3 English is the medium of instruction; therefore good proficiency in English is essential for admission. Candidates who have completed their qualifying examination from Non-English medium must have secured a minimum TOEFL Score of 500 in paper based test / 61 in internet based test or a minimum IELTS Score of 5 or a minimum EmSAT Score of 1100 -1225. If necessary, they will also be assessed by a campus committee for English comprehension.

3. Admission Modality

Admission is based entirely on the Candidate's merit, facilities available and availability of seats in the discipline preferred. Since BITS Pilani, Dubai Campus is primarily established to cater to the educational requirements of the residents of the Gulf Cooperation Council (GCC) countries, the selection process takes place through merit lists for the GCC and Non-GCC candidates. Candidates from GCC countries are offered admission on priority.

Candidates who are "Residents" of any GCC country or have their parent(s) as "Residents" in any GCC country will be treated as GCC candidates. All GCC candidates are required to submit the passport copy of their parent residing in the GCC Country with valid Residence Visa Stamp as proof of residence in the GCC Country. All other aspects governing admission to BITS Pilani, Dubai Campus (including Fee Structure, submission of various documents, etc.) are applicable equally to GCC and Non-GCC candidates.

4. Admission Procedure

- 4.1 All applications for each of the categories – GCC and Non-GCC complete in all respects received till last date are scrutinized for preparing the merit list.
- 4.2 A merit list is prepared in the descending order of the aggregate percentage of marks obtained by the candidates in the Qualifying Examination (12th grade or equivalent). There is no separate Admission Test.
- 4.3 Candidates are offered admission based on the merit in the qualifying examination, their programme preferences and availability of seats in each programme.
- 4.4 If a candidate with a higher merit position is not able to get his/her first programme preference due to non-availability of seats in the first preference, his/her second and subsequent preference is considered and offer is made. If none of the given preferences gets allotted, such a candidate is kept in Wait List. If the candidate does not indicate more than one preference or gives only limited number of preferences, he/she stands to lose the chance of admission. Hence, all candidates are advised to fill all preferences and exercise their preferences with care. Preferences once submitted cannot be changed.
- 4.5 Candidates who are selected for admission will receive the Admission Offer Letter. To accept the offer of admission, candidate must comply with all the requirements specified in the Admission Offer Letter including submission of various documents and payment of fee on or before the date mentioned in the Admission Offer Letter. Refer Section 7 for details.
- 4.6 If the requirements are not fulfilled by the due date, the admission offer letter will be deemed to be cancelled and the seat will be allotted to other candidates.

- 4.7 Till all admissions are finalized, candidates who are not offered admission will be considered to be on Waiting List for the programmes of their preferences.

Notes:

- a. The candidates should strictly comply with the date deadlines indicated for admission on page 12.
- b. If for any reason a candidate could not send his/her application so as to reach the Institute within the stipulated deadline and if he/she is still desirous of being considered for admission, he/she is required to send along with his/her application all the enclosures and requisite fee. Such applications will be treated as late applications and will be considered for admission, subject to availability of seats.
- c. The Institute's first priority shall be for fresh candidates who have passed the Qualifying Examination in the year of Admission. Any other candidate who has had a gap after passing the Qualifying Examination must describe in full detail the reason for such a gap and what the candidate did during this gap. If this gap is beyond 2 years and is not adequately explained to the satisfaction of the Institute, the candidate will not be considered for admission.
- d. All candidates are expected to submit a medical fitness certificate duly certified by authorized medical practitioner at the time of admission. If the health and handicap of any candidate comes in the way of his/her education, such a candidate will not be considered for admission. However, without prejudice to this policy, candidates, who are physically challenged, will be offered admission subject to meeting the eligibility requirements and provided in the opinion of the Institute their impairment doesn't come in the way of pursuing their degree programme satisfactorily. Hence such candidates must produce a certificate from competent medical authority certifying the same.
- e. Candidates who avail a student residence visa through BITS Pilani, Dubai Campus must note that the pursuance of their study at the Institute depends entirely on the issuance of Student Residence Visa (SRV) by Government of Dubai. If on medical or other grounds the same is denied to them, their admission will automatically stand cancelled and their name will be removed from its rolls. With regard to the rules pertaining to Student Residence Visa, Candidates are requested to refer to its "Terms and Conditions" under the admissions link in the website - www.bits-pilani.ac.in/dubai.
- f. After the commencement of the programme, all the copies of the documents submitted by the candidates will be verified with the originals provided by them on the day of orientation. In case of non-genuineness of any document or non-compliance of any of the admission criteria, the admission of the candidate will automatically stand cancelled.

5. Guidelines for Candidates having qualifications from International Examinations

The Institute admits students of all nationalities. Since there is a vast difference in the certifications, grading systems and syllabi of various international examinations (High school certificates issued by the education ministry / board / council of various countries) all such applications are examined on a case-by-case basis. The candidates should enclose with their application, documents regarding the recognition of the board, grading/marking system and calculation of cumulative grade point average / aggregate percentage of marks along with their transcript / rules and regulations for the examinations they have passed well in advance to enable the Institute to determine their eligibility for admission. On submission of all documents, BITS Pilani, Dubai Campus will endeavor to establish its equivalency to a recognized qualifying exam. However, in case such ready equivalency is not available, it will solely be the responsibility of the candidate to furnish certified equivalency information from competent authorities within the stipulated time limit for screening of application. For candidates having such qualifications, the following method is used to compute the aggregate:

- 5.1 If marks are given in the transcript, these marks are taken for computing aggregate.
- 5.2 If marks as well as the grades are given in the transcript, marks are taken for computing aggregate.
- 5.3 If grades and range of marks for each grade is given in the transcript, mean of the range of marks is taken for computing aggregate.
- 5.4 If only grades are given in the transcript, the candidate should submit from appropriate authority equivalent marks/range of marks for the grades to calculate the aggregate marks.
- 5.5 If the evaluation is done by any other method, the candidate should explain the evaluation system and should obtain from appropriate authority equivalent marks / range of marks for such evaluation to calculate aggregate marks. All courses / subjects that are required for passing the qualifying examination will be included for calculating the aggregate. Detailed calculation of aggregate with supporting documents should be enclosed. Candidate should request the examining authorities to send the transcript / mark sheet with relevant documents directly to:

**Admissions Office,
BITS Pilani, Dubai Campus,
Dubai International Academic City,
P.O. Box 345055, Dubai, U.A.E.**

Please note:

- ***The decision of the Institute shall be final and cannot be contested, on all matters of admission and allotment of programmes of study at BITS Pilani, Dubai Campus.***
- ***The jurisdiction in respect of all legal matters in this connection shall be at UAE.***

8. Admission with Advanced Standing

Candidates seeking admission to any First Degree programme of BITS Pilani, Dubai Campus with a preparation higher than the minimum entrance qualification (12th Grade) will be considered for admission at some intermediate stage in a programme under the provisions “Admission with Advanced Standing”, wherein candidate will be given credit for the courses cleared with good academic performance matching with the course requirements of the programme, to which the candidate seeks admission.

Here the guiding principle is two-fold: The courses the candidate has already done before entering the institute need not be repeated and also that the time spent elsewhere is not wasted.

8.1 Eligibility Criteria for Admission with Advanced Standing

In order to be considered for Admission with Advanced Standing, a candidate is required to meet the below criteria.

1. Satisfy the basic eligibility criteria as mentioned under Section 2.
2. The academic programme pursued after Grade 12 must be in a recognized and accredited University.
3. Must have completed a minimum of 30 credit hours or 10 courses at university level.
4. At the end of the latest/last semester studied at the university, the minimum overall aggregate must be 70% or a CGPA of 7 on a 10 scale.

Admission will be offered in one of the programmes offered from the campus, clearly indicating the courses which are exempted and expected normal time the candidate will take to complete the degree. The discipline allotment will be done based on the candidate's latest performance, Grade 12 percentage and availability of seats in the discipline preferred by the candidate.

8.2 Course Equivalence Evaluation Criteria

If admission is feasible, the candidate's previous academic record will be scrutinized vis-à-vis the requirements of the programme to which the candidate is seeking admission. Courses with a performance of 60% or above (or equivalent Grade) will only be considered for evaluation. The exemption for a course will be based on an individual evaluation of course studied to determine whether the course is equivalent to the corresponding course offered by BITS Pilani.

A candidate can get a transfer of a maximum of 70 credit hours only.

8.3 Application Procedure

In addition to Application procedure given under Section 6, fill up the supplementary information form for advanced standing (available on the website or can be collected from the admissions office), and submit it with the below mentioned additional documents:

- a) Official College Transcript / Mark Sheets for the semesters/ years completed.
- b) Syllabus of courses cleared.
- c) Question Papers of the Examinations for the courses cleared

9. Casual Students

Candidates other than regular students of BITS Pilani who desire to register for some courses to update their knowledge are designated as casual students. Casual students can register for courses on audit only and cannot enroll for a degree. The facility of taking a course on audit is principally conceived to give an opportunity to a candidate to update his/her knowledge. Such a course will not be accepted for the fulfillment of requirements of any program, current or future in BITS Pilani.

This scheme has been devised to take care of students and professionals from various institutions and organizations who express a desire to update their knowledge, although they ipso-facto, have no desire to work for a degree. Persons desiring to register as casual students should apply on the prescribed form within the last date.

10. Second Semester Admission

The structural flexibilities available in the Institute make it possible to admit students in both the semesters. However, in the case of first degree programmes, most of the admissions are made during the first semester itself. The few admissions made for the second semester (January 2020) are essentially to meet the depletion, if any, during the first semester and also to get the most outstanding students who could not apply in time for the first semester admissions.

The second semester admissions of the students are merged with the students admitted in the first semester. They may be doing courses with the students admitted in the same academic year or in the next semester (academic year). The total normal duration of programme will be 4 years (Eight semesters). These students also get the option of Practice School.

The Admission Notification for second semester admissions will be issued in October 2019.

11. Important dates in the admission process of First Degree programmes.

PART II - HIGHER DEGREE PROGRAMMES

1. Programmes of Study

The Higher Degree Programmes are uniquely designed and structured to meet the learning aspirations of Engineers who are employed executives, entrepreneurs and professionals. The following Higher Degree Programmes are available at BITS Pilani, Dubai Campus for Admission 2019-2020.

- M.E. Design Engineering
- M.E. Electrical (With Specialization in Power Electronics and Drives)
- M.E. Microelectronics
- M.E. Software Systems
- M.B.A. (Master of Business Administration)

Normal duration of the above programmes is 2 years.

We treat these degree programmes as continuing education programmes for employed professionals laying great emphasis on work experience and in-service training along with the academic pursuit. Hence, admissions are given normally to candidates with the below academic qualifications who are already employed or in the pursuit of seeking employment.

2. Eligibility Criteria

A minimum aggregate of 60% in the qualifying degree as indicated below for each programme.

M.E. Design: B.E. / B.Tech. or equivalent in Mechanical Engineering

M.E. Electrical: B.E. / B.Tech. in EEE/ECE/EIE or its equivalent

M.E. Microelectronics: B.E. / B.Tech. or equivalent in EEE/EIE/ECE/CS or M.Sc. Physics

M.E. Software Systems: B.E. / B.Tech. / M.Sc. / M.C.A or equivalent

M.B.A. Programmes: B.E. / B.Tech./ Masters degree in any discipline or its equivalent

Applicants whose first or native language is not English must demonstrate good proficiency in English. All candidates should have either completed their qualifying degree in English medium or must have a minimum TOEFL score of 550 (paper) or 210 (computer) or 80 (internet) or IELTS score of at least 6, in every section.
