

Launch of Society of Women Engineers (SWE) @ BPDC

BITS Pilani, Dubai Campus is now an affiliate campus of the US-based Society of Women Engineers (SWE) from 2nd November, 2021. It is one of the largest advocacy organizations for Women in Engineering and Technology.

SWE is a global organization dedicated to empowering women engineers and giving them a unique place and voice within the engineering industry. Through this new global affiliate BITS Pilani, Dubai Campus seeks to further SWE's vision of a world with gender parity and equality in Engineering and Technology.

The affiliate welcomes women engineers from all disciplines, represented by Asmi Sriwastawa (CS), Dhakshina Priya Rajeswari Ilango (CS), Nausheen Aijaz Nakhawa (EEE), Manjari Mishra (MECH), Neha Sampath (BIOT), Preethika Thiraviam (CHEM) and Anoushka Chowdhury (CIVIL)

Under the guidance of Dr. R Swarnalatha, Faculty In-Charge, the team is looking forward to bringing new opportunities for all future women engineers. SWE BPDC is delighted to embark on this new venture.
