

Motorsport and **BITS Pilani Dubai Campus** became synonymous with one another during the fall of 2021 when an idea was ignited towards building something remarkable from scratch, thus forming the team “الفارسان - **Al Fursan**” of BITS Dubai Motorsports Club in association with M.A.H.Y Khoory & Co. LLC.

The team is home to a multi-disciplinary group of engineering students consisting of 4 final-year students: Shobal Philip Roy, Vaishnavi Manoj, Abilash Sadanandan & Nigel Davis, 4 third-year students: Adhav Kumaravel, Anandhu Sasi Kumar, Surya Radhakrishnan & Ashutosh Rana, 3 second-year students: Marshal Savio Nunes, Mohammed Aman & Vishnu Hari, and finally 2 first-year freshmen: Sanjay Saravanan & Anirudh Jerish.

The team is competing in **Formula Student Netherlands**. Formula Student (FS) is Europe's most established educational engineering competition. For the purpose of the competition, the team has built a Formula Student car adhering to the rules and regulations of the Formula Student Rule book.

Team Al Fursan is the **only team selected** for Formula Student Netherlands from the Middle East & North Africa region. The competition takes place between 11th July 2022 & 14th July 2022 .

The team head Mr. Shobal Philip Roy said “It took us all 9 months to plan, execute and complete the car and I appreciate my team for their constant support and cooperation throughout all stages of development. The entire team is eager to learn, adapt and execute things that are new to them under difficult circumstances. We aim to develop more cars in the coming years that will be eco-friendlier and lean with high performance and efficiency. We thank all the sponsors that supported us with monetary and technical help. We hope they extend their support in the coming years as well”

The team's goal specifically focused on driver ergonomics hence specifically designing the car for the comfort of the driver and driver safety.

The team is supported both technically and monetarily by various sponsors namely: **M.A.H.Y Khoory & Co. LLC the title sponsor, NRT Performance, Titan Performance, Al Shirawi Equipment Co. LLC, Calicut Paragon Group, Society Motors, Rapid 3D, and the parent institution BITS Pilani, Dubai Campus.**

The students are rigorously supported by the Director of BITS Pilani Dubai, Dr. Srinivasan Madapusi, and their faculty in-charge Dr. Priyank Upadhaya and various other faculty and staff members of BITS Pilani Dubai to whom the students are ever grateful for their timely support in completion of the car for Formula Student Netherlands.
